7:00 P.M. (Continued From Last Weeks Issue)

and

WHEREAS, at a meeting of the Board of Directors of the Squad held in Windsor, New York prior hereto, Squad: (1) agreed to furnish such emergency medical ambulance services, and (2) authorized its president to sign this Agreement on behalf of Squad, and

WHEREAS, this agreement is authorized by General Municipal Law § 122-b and other applicable provisions of law.

NOW, THEREFORE, it is mutually agreed by the parties as follows:

1. SERVICE TO BE PROVIDED

(a) Squad shall provide emergency medical ambulance service, which shall include advanced life support (hereinafter “ALS”) service, in the Town 12 hours per day from 7:00 a.m. to 7:00 p.m. 7 days per week, unless the Town has been notified of a change in hours. Such service shall be provided for persons in the Town requiring such service, and shall include pre-hospital emergency medical treatment and transport of sick or injured persons found within the boundaries of the Town to a hospital or other health care facility for treatment of such illness or injury. During the time period that Squad is required to provide ALS service in the Town, it shall house at least one ambulance it owns or leases in a suitable facility within the Village of Windsor and shall maintain other suitable equipment which is used in connection with this Agreement.

(b) Squad shall provide emergency medical ambulance service, which shall include basic life support (hereinafter “BLS”) service, in the Town 12 hours per day from 7:00 p.m. to 7:00 a.m. 7 days per week. Such service shall be provided for persons in the Town requiring such service, and shall include pre-hospital emergency medical treatment and transport of sick or injured persons found within the boundaries of the Town to a hospital or other health care facility for treatment of such illness or injury. During the time period that Squad is required to provide BLS service in the Town, it shall house at least one ambulance it owns or leases in a suitable facility in the Village of Windsor, or another suitable facility no further than the Village of Windsor, and shall maintain other suitable equipment which is used in connection with this Agreement.

(c) Squad warrants and represents that it has, and will continue to have, sufficient trained and certified personnel, equipment and supplies to provide the service provided herein.

(d) The Town recognizes that Squad has a limited supply of ambulances and is not capable of responding to unlimited emergencies at one time, or while “out of service.” “Out of service” shall mean such times as when the ambulances have arrived at a health care facility with a patient but Squad is either cleaning or restocking the ambulances, or at such times as the ambulances are being routinely serviced and are “out of service” for a temporary short period of time during such routine service. The Town recognizes that Squad has limited manpower and is not capable of responding to an unlimited number of emergencies at one time, or while “out of service”, or while already caring for a patient. Town recognizes that Squad is a combination service, utilizing paid and volunteer staff, which in times of multiple calls may have to rely on volunteer manpower which may not always be able to respond to calls. Squad warrants that it will use its best efforts to respond to calls for assistance.

(e) When notified of the need for ambulance services within the Town, Squad will use its best efforts to respond and attend to any such request without delay. If the Squad is not available, the Town has directed Broome County Department of Emergency Services (hereinafter “BCDES”) to dispatch the nearest, closest, staffed ambulance.

(f) Squad shall employ (or contract with an entity furnishing) a person certified at least as a basic emergency medical technician in New York State, who shall be available to respond to emergencies in the Town twenty-four hours per day and seven days per week.

(g) At periodic intervals Squad shall notify the BCDES if Squad does not then have advanced life support personnel available to furnish such ALS within Town.

(h) Squad shall notify BCDES that in the event Squad does not have ALS capability within the Squad at a time when such capability is required, the nearest, closest, staffed unit providing the appropriate level of care shall be located and dispatched to assist.

2. INSURANCE COVERAGE FOR VOLUNTEERS AND PAID SQUAD EMPLOYEES

The parties agree that members of Squad who provide such services on a volunteer basis shall be covered through the statutory coverage under the Volunteer Ambulance Worker’s Benefit Law (hereinafter “VAWBL”) through the Village of Windsor, as allowed under NYS law. The parties agree that the Squad is “located” in both the Village of Windsor and the Village of Deposit for purposes of VAWBL section 30(2), to the extent applicable. Any claim for benefits under VAWBL shall be divided in accordance with the formula set forth in VAWBL section 30(5), between the two villages. The parties agree that this Section 2 “Insurance Coverage for Volunteers and Paid Squad Employees” of the contract between Squad and the Town of Windsor and the contracts between Squad and the Village of Deposit and the Village of Windsor shall be identical. Squad shall not agree to any changes to the provisions of Section 2 without providing 90 days advance written notice to the Town of Windsor. Squad shall obtain and pay for the insurance coverage of Squad’s paid employees.

3. CERTIFIED AMBULANCE SERVICE

(a) Squad agrees that it shall provide an ambulance service (i) with an ambulance or ambulances which meet(s) all applicable statutes, codes, rules and regulations and (ii) with all of the personnel, equipment and supplies required by the New York Public Health Law and the regulations promulgated by the New York State Department of Health (hereinafter “DOH”).

(b) Squad agrees to keep in force its Ambulance Service Statement of Registration, and comply with (i) all the applicable requirements of Article 30 of the Public Health Law and State Emergency Medical Services Code (10 NYCRR Part 800), and (ii) all rules and regulations formulated by Town, pursuant to section 122-b of the General Municipal Law, relating to the use of ambulance apparatus and equipment in the provision of the ambulance services hereunder.

(c) Squad shall procure and pay for all permits and licenses necessary for the ambulance services to be rendered

hereunder.

(d) Squad shall take appropriate steps to ensure that Squad has a valid certificate of need operating authority authorizing Squad to furnish and provide ambulance service within Town during the term of this Agreement.

(e) Squad agrees that it will operate, maintain and repair any ambulances it owns or leases pursuant to this Agreement in accordance with applicable provisions of law.

Tragic Fire on White Birch Lake Road (From Page 1)

Tuesday Update on the Price Family:

Carolyn’s breathing tube was removed today and she is continuing to improve. She is able to talk, but it is limited. Aaron was discharged from the hospital and is doing well. Both Carolyn and Aaron were treated for smoke inhalation here locally.

Regarding visitors: Carolyn remains in the ICU. At this time, she has requested no visitors, except family. She stated that even when she is released that it will take her some time before she is strong enough to receive visitors. She sincerely thanks everyone for your love and prayers. She can feel them and thanks God for you.

There will be a special place to send cards and that information will be released when it is determined the best location to send them.

She was adamant that she does not want a GoFundMe set up.

By Windsor School District

Windsor Central High School senior Ryan Kristof signed his National Letter of Intent to play baseball at Division-1 Niagara University. Kristoff will study finance while playing for the Purple Eagles.

"When we went on campus and took a tour just walking around I was like, wow I can really see myself here. The head coach, coach Spatafora, is awesome, just a super good dude," said Kristof.

While Kristof will spend his next four years at Niagara, he won't forget his years in Windsor.

"I owe a ton to this school and all of my teachers ever since elementary school," said Kristof.

Newspaper Edited Public Hearing & Regular Meeting of the Town Board November 6, 2024 (Continued from page 2)

4. BILLING; FUND RAISING

(a) The Town hereby authorizes and expects Squad, pursuant to law, including the applicable State Comptroller and Attorney General opinions, and as described in General Municipal Law Section 122(b)(2), to impose the fees or charges for the services it provides to individual patients. The fees that shall be charged to the patients shall be determined by Squad with the Town Board's consent, which it may not unreasonably withhold, as attached hereto as Schedule "A" ("User Fees"). Prior to September 1st of each year, Squad shall submit to the Town its prior year tax returns and a proposed fee schedule applicable for the upcoming term of the Agreement. Squad reserves the right to initiate legal action against any person who does not tender payment for Squad's services without interference from Town.

(b) A copy of the bill for services shall always be sent to the individual who received the services, regardless of whether such services will be entirely or partially covered by insurance. Squad shall keep proper records and account for all User Fees received. Squad shall use its best efforts to diligently collect such User Fees from the patients who have received the services of Squad, or their insurance companies, as the case may be. All User Fees billed are understood by the parties to be the property of the Town, and when collected by Squad (including insurance payments, copayments and deductible amounts), shall be remitted by Squad (or Squad's billing/collection company) to the Town. Notwithstanding anything to the contrary in Section 6, in the event this Agreement is terminated prior to the end of its term, Squad shall continue to collect such User Fees as required herein, but remit to the Town all amounts collected prior to the effective date of termination.

(c) Notwithstanding anything to the contrary, Squad shall not, under any circumstances, provide any protected health information ("PHI"), as that term is defined in the Health Insurance Portability and Accountability Act ("HIPAA"), to Town or provide any other information to Town that would subject Town to the requirements of HIPAA.

(d) Squad shall maintain a Charitable Care Policy and shall make determinations of payment obligations consistent with such policy.

(e) Nothing herein shall be construed to prevent Squad from soliciting and accepting donations and from conducting fund-raising activities to assist in defraying its operating and capital expenses.

(f) Squad shall ensure that it has a bank account that is capable of making and receiving electronic transfers from the Town. All information regarding this account which is necessary for the Town to make electronic payments as described herein shall be provided to the Town upon request.

5. TERM

(a) The term of this Agreement shall be for a period of one year commencing on January 1, 2025 and ending on December 31, 2025

(b) This Agreement may be terminated by the Town for cause. Cause shall be limited to the following:

(1) Loss or suspension of Squad's ability to provide ambulance services to the Town.

(2) Refusal of the Squad to provide continuous ambulance services to the Town. However, the Squad's

inability to respond to a call due to its involvement with another emergency call within or without the Town, or due to being "out of service" shall not constitute a failure to provide continuous ambulance services.

(3) The failure of the Squad to respond to emergencies in the Town for the period of five days. However, the Squad's inability to respond to emergencies as a result of all of Squad's ambulances being "out of service" for maintenance shall not constitute a failure of the Squad to respond to emergencies.

(4) The failure of the Squad to provide or employ an emergency medical technician in accordance with this Agreement.

(5) The failure of the Squad to contract or arrange for advanced life support services in accordance with this Agreement.

(6) The failure of the Squad to obtain proper insurance in accordance with this Agreement.

(7) The failure of the Squad to respond to an average of at least seventy-five percent (75%) of the emergencies to which Squad is dispatched in the Town, over any consecutive three-month period, or if Squad does not respond to an average of at least sixty percent (60%) of the emergencies to which Squad is dispatched in the Town, in any thirty (30) day period. However, included in these averages shall not be those emergencies not responded to by Squad due to Squad's involvement with another emergency within or without the Town, or for those occasions when Squad's ambulance vehicle is undergoing maintenance.

(c) This Agreement may be terminated by the Squad for cause. Cause shall be limited to the following: Town's failure to pay funds due to Squad when payable under this Agreement, but only after written notice has been provided by the Squad of such failure, and the passage of more than thirty days for the Town to cure without such payment having been made to the Squad.

(d) If either party elects to exercise its right to terminate this Agreement for cause, it may only do so by sending to the other party hereto written notice that it intends to terminate the Agreement as of an effective date which is at least 30 days subsequent to the date that the party sends such notice of intended termination. Any such notice must have been approved in advance by Town Board (in the case of a notice sent by Town) or by the Board of Directors of Squad (in the case of a notice sent by Squad). If such notice of intended termination is sent by either party hereto, Squad shall (within 30 days following the effective date of such termination) refund to Town the sum representing the prorated portion of the payment made by Town to Squad hereunder for the period commencing on the effective date of such termination, and ending at the end of the contract term for the year of such termination. On and after the date that Squad refunds such sum to Town, neither party hereto shall have any further rights as against the other party hereto by virtue of this Agreement, except for the Town's rights to defense, indemnity and being held harmless which shall survive any termination of this Agreement.

6. PAYMENTS

(a) For the services to be performed by Squad hereunder, the total compensation value of this contract shall not exceed \$208,437.00. The Town shall compensate Squad as follows: (1) by paying Squad the amount of \$8,500.00

Town of Colesville Offices

The Town of Colesville lies in the northeast part of Broome County and is bounded on the north by Chenango County, on the east by the Town of Sanford, on the south by the Town of Windsor, and on the west by the Towns of Kirkwood and Fenton. The town was formed on April 3, 1821, from the Town of Windsor. Harpursville is the largest hamlet in the town although it is not incorporated.

Colesville derives its name from pioneer Nathaniel Cole, a revolutionary soldier. He settled here in 1795, on a hill south of Harpursville, known as Coles Hill. He built a tavern there which was in operation as early as 1800. It was the first tavern between Albany and Binghamton. Broome County's Nathaniel Cole Park was opened in the town in 1974 and is located about two miles from the site of its namesake's tavern.

A Look Into the Future

By Windsor School District

A pair of Windsor Central High School graduates returned to their alma mater Friday to help students interested in an engineering career.

Zach Adornato and Austin Kibbler are both software engineers at BAE Systems and members of the WCHS Class of 2019. They spoke to the WCHS Intro to Engineering, Civil Engineering/Architecture, and Engineering Design/Development classes, providing an overview of careers, a look at current projects, and guidance on entering the profession.

"Having a breadth of knowledge is a big thing. Getting exposure to all the career paths and opportunities in college you can take advantage of is important. It's good to have an idea of what you want to do but going in undeclared is a good thing as well because it's daunting to pick a career path right away," said Kibbler.

Kibbler knows the need to stay open-minded first-hand. He entered college to study to become a veterinarian before switching to engineering.

"I wasn't enjoying my major and had exposure to PLTW (Project Lead the Way) in Windsor, so I swapped," said Kibbler.

Adornato had advice for those who have a better idea of what they want to do.

"Follow your passion. If something interests you and you really enjoy it, pursue it. You might be doing it every day for the rest of your life. Finding something you really enjoy that interests you every day is important. We're giving them exposure to help them know better what they want to do before they leave here," said Adornato.

The pair discussed what engineering course loads look like in college and different career paths within engineering.

"I do have a bit better idea what electrical engineering would look like if I went to BAE Systems," said WCHS senior Tristan Stochel, who plans to study electromechanical engineering. "I learned about ELDP classes which are like PLTW except for BAE systems."

Educators hope this visit helps students see their futures more clearly.

"They are Windsor grads who went into technical subjects, and they give kids an idea of what that process looks like. They provide them with pointers on how to be successful on that journey. They tell kids, 'You can do it,'" said WCHS engineering teacher Mark Wentka.

Tristan Kelly Honored for Exceptional Work Experience by Broome-Tioga BOCES

By Harpursville School District

On December 4, Harpursville and PALS Work Experience student Tristan Kelly was recognized by Broome-Tioga BOCES earning a "Student Spotlight" for his outstanding achievements as a Work Experience Intern. Tristan was celebrated for his contributions while working with CHOW and Greater Good Grocery through the Work Experience Program.

Tristan's role at CHOW and Greater Good Grocery involves a variety of hands-on tasks, providing him with invaluable real-world experience. Each day from 9 to 11 a.m., he takes on responsibilities such as sorting and packing food, delivering food boxes to cars, and operating specialized equipment like forklifts and electric pallet jacks. Thanks to this program, Tristan has not only gained practical skills but has also earned his Forklift Certification, a qualification that will greatly benefit him in the workforce.

Harpursville Jr./Sr. High School Principal Kristine Conrow praised Tristan, saying, "He is a great kid. This is a wonderful honor and well-deserved." Tristan himself shared that the highlights of his experience have been "using the forklift and working with his friends." The recognition as Best Work Experience Intern is a testament to Tristan's hard work and dedication.

Congratulations, Tristan, on this well-earned achievement!
